There was a hill I had to climb
And there was no way I could find
To escape the path I had to walk upon
But when the storm of life blew in
That's when I learned to call on him
And he led me to a place where I could stand

Chorus:
For he placed me in (In the Cleft of the Rock)
For that is where Jesus spoke peace to me
And when I cried Lord, I'm so weak
His love covered me
I found Refuge in the Cleft of the Rock

If there's a hill, you have to climb
Just leave that trial of Fear behind
For he said you'll never have to walk alone
Look to him in trouble times and his strength is what you'll find
As he hides you in the Cleft of the Rock

Chorus:
Bridge: For the Rock is Christ Jesus, and upon him I stand
"Neither", "Death", "Height", nor "Power" can take me from his hand
And when I cried Lord, I'm so weak, His love covered me, and I found
Refuge in the Cleft of the Rock
You will find Refuge in the Cleft of the Rock
