Paul and Silas was locked away in a prison far from sight  
Daniel lay in the lions Den where he slept with them through the night  
Shadrach, Meshach, Abednego stood in a fire blazing high  
Their faith endured because their hearts were sure  
That everything was gonna be all right.

## **CHORUS:**

Every thing is gonna be alright  
Every thing is gonna be alright  
Doesn't matter if you're walking through a long dark valley  
Or Standing on a mountain high  
God is always in control  
Everything is in his sight  
So you can rest assure, with him you are secure  
Everything is gonna be all right.

You may feel like Paul and Silas shackled with a heavy load  
Maybe you feel like little ole Daniel, in a trial you have been thrown  
Remember those three Hebrew children was never left alone  
So: Pick up your faith for you can finish your race  
Cause: everything is gonna be alright.

## **Chorus:**

## **Chorus:**

**Tag:** You can rest assure with him you are secure and everything is gonna be alright,  
alright  
It's gonna be alright
