

Lead me to the Rock
Writer: Marlene Pelt

This world in which we all live in
It's like a Storm with rushing winds.
It can whip you down and make you bend to the troubles in life
But there's a place that's like no other place
Where I draw my strength by his grace
When I humble before his face... I cry out to the lord..

Chorus:
Lead me to the Rock, Dear Lord
That's higher than I
Lead me to the Rock, Dear Lord
Let the storm pass me by
And, When my Heart is overwhelmed and low
From the depth of earth I cry, below
Lead me to the Rock, dear lord.
That's Higher than I..

Christ the Rock on which I firmly stand.
In this world that's full of Sinking Sand
He's my Solid foundation When I'm weary and worn
And when the stormy clouds come rolling in
I feel the pressure of those mighty winds
I may tremble on the Rock but I know
That Rock won't tremble under me..

Chorus:
