For years they prophesied, there will be sounds of battle cries  
And the war against evil will be fought, at any price  
Because the Army that I'm in has climbed mountains to fight sin  
Just to carry out the gospel to all men  
Jesus said, "If I would be lifted up for man to see"  
I will draw all men to me  
I am proud to be a soldier to bare that legacy  
I can take that Mountain through Christ who strengthens me

Chorus:

Give me that Mountain

That is my goal

To conquer all for God to stand up bold and raise the standard for  
all to see

Jesus Christ can live through you and me

Give me that Mountain to triumph in Victory

Bridge:

I will march into battle

I will fight the enemy

I will stand and proclaim the gospel

To everyone I see

I will not rest

I will stand the test

Until my battle's won

For I am stronger now by the grace of God then when I first begun

Chorus

Chorus;
