Battles have been fought to Bridge our Freedom to this land
It's been bought by precious blood of soldiers shed by foreign
hands
But there was one that fought a battle men of war could never win
At a place called Calvary's mountain, Where our Salvation plan
began

CHORUS:

Oh Say can you see it's that man from Galilee
He no longer hang's between two thieves
For he rose up victorious with his death conquered sin
Now he reigns in all his Glory
Oh say can you see.

Crying peace through the years sounds of war is all we hear
The pages of Gods words tell us that the time is drawing near
When every nation will rise against each other on that final day
Then every army will cease to be, as his glorious face they'll see
And every tongue will confess to God as they bow down on their
knees

They'll cry

CHORUS

TAG:

O say can you see that man from Galilee
He reigns in all his Glory Oh say can you See
Oh say can you see
