God walked in the garden in the evening time looking for Mankind
They were so afraid so they hid away from the Glory of his divine
Satan came to separate the bond between God and man
So, they would be sent away to live their days in a dark and brutal land

But, God could not rest or settle for less until he made that perfect plan
I will send my Son to live on earth to be their sacrificial lamb
He spoke to the serpent that beguiled them, on your belly you will crawl
And the heel of my seed will bruise your head and he will be your final fall

Chorus:

It took more then a warrior of valor, to fight the war for men
It took more then a mighty angel, to tear down the walls of sin
It didn't take an army of rebels to beat Satan at his own game
It took one little Baby and Jesus is his name.

Satan set out to kill the child even before his time
As the war broke out between evil and good, the seed he could not find
He did not know the plan of God to bring fellowship back to man
Through his only son Salvation had begun at a manger in Bethlehem

Chorus:

Bridge:

It took more his name is Jesus
It took more his name is Jesus

Chorus:

Tag: It took one little baby and Jesus is his name...
