When I see a cross that people wear, I just can't help but stare
Cause when it sparkles in the distance, I see my Savior hanging there
But it stirs my soul to really know; He is no longer on that tree
He came off it, Victorious, to give life to you and me.

Chorus:

Don't Underestimate the Power of the Cross-
Don't; deny the price his precious Blood has bought
Salvation, Redemption, The Forgiveness of all Sin
If you feel there is no hope for you my friend,
There is Power in the Cross-

The world may look at me, but still they see, a face left from the past,
And they feel the Faults and Mistakes I've made in my life will never pass
But his word has reassured me; Jesus did not die in vain
When I called on him my, new life began
And I will never be the same

Chorus:

Bridge: Now I know I boldly, can, go to the throne of grace
Because one day Jesus died at Calvary took my Place

Chorus:
